

CMAM Forum Resource Update: November 2015

The aim of this update is to share some of the newly available nutrition and health resources on the CMAM Forum website. Click on the “link” to access the document. Please let us know if you have any additional resources.

Mise à jour des ressources du Forum PCMA: novembre 2015

L'objectif de cette mise à jour est de présenter certaines des nouvelles ressources sur la nutrition et la santé qui sont disponibles sur le site Web du Forum PCMA. Cliquez sur le « lien » pour accéder au document. Veuillez nous faire savoir si vous avez des ressources supplémentaires.

Announcements

Annonces

- Launch of the Rapid Assessment Method for Older People (RAM-OP). *HelpAge International, Valid International, Brixton Health* [Link](#)

A webinar relating to the launch will take place on Dec 15, 2015 at 12:45 PM GMT

- Key insights from the 2015 CRS Integrated Nutrition Conference [webinar, 2nd December 2015]. *SPRING* [Link](#)

Documentation and resources from meetings/webinars held

Documentation et ressources relatives aux réunions/webinaires tenues

- Seeing is believing: Using community video to improve agriculture and nutrition practices [webinar, 19th November 2015]. *SPRING/USAID* [Link](#)
- Environmental enteric dysfunction - What we know and what the participants said [summary of meeting held 28th-30th October 2015]. *IAEA* [Link](#)
Key outcomes of the technical meeting on EED. IAEA, Vienna, Austria 28th--30th October 2015. *IAEA* [Link](#)

Specific resources on acute malnutrition

Ressources spécifiques sur la malnutrition aiguë

- SAM 2020: An agenda for scaling-up the management of severe acute malnutrition by 2020. *Action Against Hunger* [Link](#)
- Carbohydrate malabsorption in acutely malnourished children and infants: a systematic review [free abstract]. *Nutrition Reviews* [Link](#)

Other resources relevant to acute malnutrition

D'autres ressources applicables à la malnutrition aiguë

- University-level nutrition training in West Africa: cost and financing issues. *Global Health Action* [Link](#)
- Improving nutrition outcomes with better water, sanitation and hygiene: practical solutions for policies and programmes. *WHO/UNICEF/USAID* [Link](#)
- Water, sanitation, hygiene, and nutrition in Bangladesh. Can building toilets affect children's growth? *The World Bank* [Link](#)
- SUN Movement. Annual Progress Report 2015. *Scaling Up Nutrition* [Link](#)
- Rapport Annuel du Mouvement SUN 2015. *Scaling Up Nutrition* [Lien](#)
- Undernutrition and pneumonia mortality. *The Lancet* [Link](#)
- Infectious diseases of poverty in children: a tale of two Worlds. *Pediatric Clinics of North America* [Link](#)
- Prevention and control of childhood pneumonia and diarrhea. *Pediatric Clinics of North America* [Link](#)
- Sizes of induration and nutritional status in children with positive Mantoux test. *Indian Journal of Child Health* [Link](#)

- Tackling malnutrition: a systematic review of 15-year research evidence from INDEPTH health and demographic surveillance systems. *Global Health Action* [Link](#)
- Integrating nutrition and child development interventions: scientific basis, evidence of impact, and implementation considerations **[free abstract]**. *Adv Nutr* [Link](#)
- Feeding the brain and nurturing the mind: linking nutrition and the gut microbiota to brain development **[free abstract]**. *PNAS* [Link](#)
- Effect of breastfeeding promotion interventions on child growth: a systematic review and meta-analysis. *Acta Paediatrica* [Link](#)
- Optimal breastfeeding practices and infant and child mortality: a systematic review and meta-analysis. *Acta Paediatrica* [Link](#)
- Interactions between adipose tissue and the immune system in health and malnutrition **[free abstract]**. *Seminars in Immunology* [Link](#)
- Community **video** for nutrition guide. *SPRING/USAID* [Link](#)
- A randomized controlled trial offering higher- compared with lower-dairy second meals daily in preschools in Guinea-Bissau demonstrates an attendance-dependent increase in weight gain for both meal types and an increase in Mid-Upper Arm Circumference for the higher-dairy meal. *J Nutr* [Link](#)
- Acceptability of novel small-quantity lipid-based nutrient supplements for complementary feeding in a peri-urban South African community **[free abstract]**. *Food and Nutrition Bulletin* [Link](#)
- Nutritional and safety evaluation of heat-stabilized rice bran for supplementary feeding of malnourished children in Kenya. *IJFS* [Link](#)
- The SHINE trial infant feeding intervention: Pilot study of effects on maternal learning and infant diet quality in rural Zimbabwe. *Clin Infect Dis* [Link](#)
- Assessing maternal capabilities in the SHINE trial: Highlighting a hidden link in the causal pathway to child health. *Clin Infect Dis* [Link](#)
- Assessment of environmental enteric dysfunction in the SHINE trial: Methods and challenges. *Clin Infect Dis* [Link](#)
- Assessing the intestinal microbiota in the SHINE trial. *Clin Infect Dis* [Link](#)

Country-specific resources related to acute malnutrition

Ressources spécifiques aux pays liées à la sous-nutrition

- Hypoglycaemia and risk factors for death in 13 years of paediatric admissions in **Mozambique**. *Am J Trop Med Hyg* [Link](#)
- Making CMAM relevant in **India**: the letter and the spirit. *Am J Clin Nutr* [Link](#)
Reply to Dasgupta et al. *Am J Clin Nutr* [Link](#)
- Determinants of acute malnutrition among children aged 6–59 months in Public Hospitals, Oromia region, West **Ethiopia**: a case–control study. *BMC Nutrition* [Link](#)
- Socioeconomic-related inequalities in child malnutrition: evidence from the **Ghana** multiple indicator cluster survey. *Health Economics Review* [Link](#)
- Factors affecting malnutrition in children and the uptake of interventions to prevent the condition. **[Ghana]** *BMC Pediatrics* [Link](#)
- Haematological parameters of malnourished Sudanese children under 5 years, Khartoum State, 2011 **[Sudan]**. *Clinical Medicine Journal* [Link](#)
