

The originating Section of this publication in the IAEA was:

Dosimetry and Medical Radiation Physics and
Applied Radiation Biology and Radiotherapy Sections
International Atomic Energy Agency Wagramer Strasse 5
P.O. Box 100
A-1400 Vienna, Austria

EDITORIAL NOTE

This CD-ROM has been prepared from the original material as submitted by contributors. Neither the IAEA nor its Member States assume any responsibility for the information contained on this CD-ROM.

The use of particular designations of countries or territories does not imply any judgement by the publisher, the IAEA, as to the legal status of such countries or territories, of their authorities and institutions or of the delimitation of their boundaries.

The mention of names of specific companies or products (whether or not indicated as registered) does not imply any intention to infringe proprietary rights, nor should it be construed as an endorsement or recommendation on the part of the IAEA.

TRANSITIONING FROM 2-D RADIATION THERAPY TO 3-D CONFORMAL RADIATION
THERAPY TO INTENSITY MODULATED RADIATION THERAPY: TRAINING MATERIAL
